

Maryland State Income Tax Information

State Abbreviation:	MD
State Tax Withholding State Code:	24
Acceptable Exemption Form:	MW 507
Basis For Withholding:	State Exemptions
Acceptable Exemption Data:	0/Number of Exemptions
TSP Deferred:	Yes
Special Coding:	Determine the Total Number Of Allowances field as follows: First Position – Enter 0 (zero). Second and Third Positions – Enter the number of exemptions claimed.
Additional Information:	The Maryland state income tax formula contains a computation for Maryland county tax. Residents of the state of Maryland are required to pay the appropriate county tax in addition to the state income tax. Nonresidents of Maryland pay only the state income tax. Refer to the withholding formula for information on the individual county rates.

Withholding Formula ►(Effective Pay Period 7, 2007)◄

1. Subtract the nontaxable biweekly Thrift Savings Plan contribution from the gross biweekly wages.
2. Subtract the nontaxable biweekly Federal Health Benefits Plan payment(s) (includes ►dental and vision insurance program, and◄ flexible spending account – health care and dependent care deductions) from the amount computed in Step 1.
3. Add the taxable biweekly fringe benefits (taxable life insurance, etc.) to the amount computed in step 2 to obtain the adjusted gross biweekly wages.
4. Multiply the adjusted gross biweekly wages times 27 to obtain the gross annual wages.¹

¹ If gross annual wages are less than \$5,000, taxes will not be withheld.

5. Determine the standard deduction by applying the following guideline and subtract this amount from the gross annual wages computed in step 4.

Standard Deduction² = 15 percent x Annual Wages

² Minimum of \$1,500/Maximum of \$2,000

6. Determine the dependent allowance by applying the following guideline and subtract this amount from the result of step 5 to determine the taxable income.

Exemption Allowance = \$2,400 x Number of Exemptions

7. Multiply the taxable income computed in step 6 times 4.75 percent to determine the annual Maryland state tax withholding.
8. Divide the result of step 7 by 27 to obtain the biweekly Maryland state tax. **Residents** of Maryland are to proceed to step 9 to compute Maryland county tax.

9. If the employee is a resident of the state of Maryland, compute the annual county tax withholding as follows:

- a. Repeat steps 1 through 5.
- b. Determine the dependent allowance by applying the following guideline and subtract this amount from the result of step 9a to determine the taxable county income.

Exemption Allowance = \$2,400 x Number of Exemptions

- c. Apply the taxable income computed in 9b to the following guideline to determine the appropriate county income tax:

**Compute the Annual Income
Tax Withholding For:**

Allegany
